## Pusher Kit Installation and Adjustment

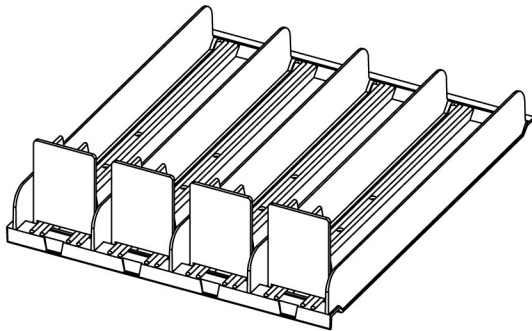

Note: Springload cartridges can be adjusted and removed.

5-wide #702935

1-wide #702933  
w/divider

4-wide #702934

### To Install:

1. Peel away backing from self-adhesive tape on bottom of front and rear retaining strips.
2. Stick the retaining strips to the shelf (not included) spaced 8" apart (inside to inside as shown).
3. Insert rear tab of pusher/divider into rear retaining strip.
4. Push front tab of pusher/divider into front retaining strip.

\*Adjust as necessary.
