Low Profile Vertical Rail Item # 702904

1. If the rail needs to be moved, remove 4 screws, reposition rail and reinstall screws.

Notes:

- A vertical rail is shipped installed with each 2', 3' and 4' low profile metal fixture.
- It allows for a fixture to be divided into multiple narrower sections; i.e. a 3' fixture could use a combination of 2' and 1' (4 wide) shelving.
